Expand your musical and pedagogical skills within an ordered framework of playful exploration!
Introduction:
The Florida State University College of Music is pleased to offer Level I of the Orff-Schulwerk Teacher Education Course this summer. Orff-Schulwerk centers around the development of the whole child, while encouraging the continued development of the teacher. Orff-Schulwerk uses poems, rhymes, games, songs, and dances as its foundation for teaching music; the melodic and percussive musical activities are easily learned by the students. Designed for all children, the Orff-Schulwerk technique enables students to create good music immediately. The course itself provides a non-competitive atmosphere, where one of the rewards is the pleasure of making good music with others.

Level I is designed for anyone with musical training who wishes to acquire basic knowledge and pedagogic foundations in the Orff-Schulwerk approach. This course is recommended for those with no previous Orff-Schulwerk training and will include:
- Studying basic Orff techniques, including the use of pentatonic scales, simple bordun, ostinato, and elemental forms;
- Basic body movements, including structured and creative movement;
- Improvisation;
- Vocal and rhythmic training; and
- Soprano recorder
